HPV Vac

I reviewed Orlena for sprint 2:

- They developed Base app with Home, Video, Game, Clinic, and Profile buttons

- They created a quiz page with template quiz cards.

- They also developed with React Native.

- They had functionality for mobile.

- cphung@memphis.edu

Orlena evaluated Nacim for sprint 2.

 -- Leapfrog team - - - -

- Program used vscode Used Roboflow api TO do computer vision task of identifying frog

- Needed more photos to teach the model to get better accuracy of identifying the frog species

- nmosman@memphis.edu
